Course Description (please note if work outside of class will be turned in for a grade):

This fun, creative class will always start with sharing a great book.

Next, children will work in teams of two or three to build a project using basic craft supplies. For example, if we read a book about pirates they may be challenged to build a sturdy treasure chest that can hold the provided "treasure".

This should be an easy going and creative end to the day—perfect for our worn out little ones!
